13. (U) We visited Fixtech September 29 and met by Dissatat Dejthamrong.

- Did you ever have physical possession of the firearms listed on these licenses?

Response: No, the company is a trading company and authorized sale representative for Smith & Wesson. The company never physically handles imported firearms. Firearm shops will send purchase orders and necessary Ministry of Interior documents to the company, which will then examine and forward them to the Smith & Wesson. Once the firearms arrive at the Bangkok airport, the company will inform the sales shop which would get customs clearance and transport the firearms.

- If so, please provide all documentation that demonstrates the firearms were transferred to the end-users listed on these licenses.

Response: Dissatat presented all related documents regarding the purchases of the firearms. It appears that all were imported and processed legitimately.

- Do these four companies have any connection between them?

Response: Not to knowledge of Dissatat.

14. (U) We visited Mata Firearms September 28 and met Metha Muanthae. The shop was identified as Hassadin Firearms and Mata Firearms and was located shophouse in a busy firearm selling area. There were CCTVs in the shop and an iron safe.

- When was your company established and who are its principals?

Response: The shop was registered in the firearm trade in May, 1975.

- What products and services does your company provide?

Response: The shop imports and sells pistols, revolvers, rifles, and ammunition from the U.S. and other foreign countries. It does not provide the firearm maintenance or sell firearm accessories.

- Who are your regular customers and where do they reside?

Response: General public and government officials, who are Thai citizens and hold a Permit to Purchase a Firearm (P. 3) issued by Director of Bureau of Investigation and Legal Affairs, Department of Provincial Administration, Ministry of Interior, for buyers living in Bangkok, and by the District Chiefs nationwide.

- What are your annual sales of US-origin firearms?

Response: Among the firearms imported, approximately 50 percent are from the U.S. Average annual sales are about 2 million baht. Metha admitted that his shop holds two Permits for Sale of Firearms for Commercial Purpose, one under the name of Mata Firearms and the other under the name of Hassadin Firearms. One permit authorizes the import of not more than 30 pistols and 50 rifles per year plus another portion of ammunitions. By law, one firearm shop can possess only one such permit. In practice, one permit is not enough to maintain a business. Each shop or firearm trader thus needs to have more permits by registering more shops.

- Please provide all documentation on the sale of a Smith &

Wesson firearm serial number BJM3309. Please provide any information you have on this customer.

Response: All documents were presented. Mata holds the Permit for Sale of Firearms for Commercial Purpose, No. PK 98/2552, issued June 18, 2009, to expire June 17, 2010, approved by Director of Bureau of Investigation and Legal Affairs, Department of Provincial Administration, Ministry of Interior. This item was one of six imported from the Smith & Wesson under this Permit. The item arrived at the Bangkok Airport on November 6, 2008, and was sold/registered to the buyer on November 24, 2008.

- To whom did you sell this firearm? Where does this customer reside?

Response: The buyer resided in Phra Samut Chedi District of Samut Prakan Province when he bought this gun. He was a first-time customer and held the legal Permit P.3 to purchase the firearm. Like other firearm shops, once the gun was sold, the shop was no longer responsible for the item. It was the responsibility of the buyer and the District Office, to which the buyer has to report the change of ownership or storage location of the firearm.

- Are you familiar with the regulations governing the import of US-origin defense articles, including restrictions on re-transfer or re-export?

Response: Yes.

- Additional inquiry to the Firearm Registration Section, Phra Samut Chedi District, Samut Prakan Province.

- Do you have any records of Mata Firearms, Aumnaj Firearms, P. Phanich Firearms, or Erawan Firearms exporting U.S.-origin firearms to end-users outside Thailand?
